DETAILED ACTION

Allowable Subject Matter

Claims 1, 4-16, 18, 19, 21, 22, 24, and 26 are allowed.

The following is an examiner's statement of reasons for allowance (as stated in the Office Action mailed on August 15, 2006):

Regarding claim 1, the prior art of record, either singularly or in combination, does not disclose or suggest the combination of limitations including wherein the direction of current flow in the channel area of the switching thin film transistor and the direction of current flow in the channel area of the driving thin film transistor are formed so that a current mobility in the channel area of the switching thin film transistor is larger than a current mobility in the channel area of the driving thin film transistor.

Regarding claim 16, the prior art of record, either singularly or in combination, does not disclose or suggest the combination of limitations including the second angle is larger than the first angle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Matthew C. Landau whose telephone number is (571) 272-1731.
